Research Experience	<p>UBC Data Management and Mining Lab Research Assistant with Dr. Rachel Pottinger</p> <ul style="list-style-type: none"> • Assist knowledge exploration in databases to help users better access and make sense of data. • Apply concepts of visualization and machine learning to build a system that recommends customized SQL queries using query workloads. <p>Sauder School of Business Research Assistant with Dr. Arslan Aziz, Dr. Gene Lee</p> <ul style="list-style-type: none"> • Use causal inference methods to evaluate the impact of online platform policy ban on incentivized reviews using consumer reviews and validate the results with robustness checks. • Apply natural language processing (NLP) techniques to process large datasets and use Amazon AWS and Google NLP APIs to identify unnatural reviews based on linguistic features. <p>UBC Data Science Institute Research Intern with Dr. Raymond Ng (primary), Dr. Kevin Lin</p> <ul style="list-style-type: none"> • Partnered with the Environmental Sustainability Advisory Committee of the City of Surrey, BC to guide the development of the Surrey Electric Vehicle Transformation Strategy. • Used statistical and machine learning models to understand potential electric vehicle consumers and classify communities into groups such as current growth and high potential. 	<p>Summer 2020</p> <p>July 2019-Present</p> <p>Summer 2019</p>

Industry Experience	Statistics Canada Ottawa Headquarter Full-Stack Developer Intern <ul style="list-style-type: none"> Implemented a web service application embedded in a toolbox using technologies such as C#, JavaScript, SQL, ASP .NET and exceeded clients expectations by optimizing jQuery widgets. Designed and developed a Windows Service application and obtained positive feedback from clients by effectively communicating the client needs and executing tasks efficiently. Recognized as a top front-end developer of the ICode team and obtained a full-time developer offer from the Statistics Information System Division (SISD) executive team by demonstrating strong self-learning skills and work ethic.
